Amanda Friedmann, her parents and several other members of the Summit Archery/MBH family recently headed down to Omaha Texas for a hunt at the JP Bowhunting Ranch. Amanda made a 25 yard shot to take down this Black Hawaiian Ram on May 29th. Ranked on a gold, silver, bronze, scale ... her ram was 'GOLD' with a score of 97.25 inches.

Way to go, Amanda!!

A message from your President

At first I wanted to say how disappointed I was with the turn out for the MBH State 3D Championship, but after thinking about it for a couple of days, it is just the opposite. While we did not have a record number of shooters on the weekend for May 14th & 15th, everyone that was there had a great time. It wasn't your typical summer shooting weather. It was kind of cool and really rainy. We only had 77 archers for the two day shoot, but everyone seemed very pleased with the range, the scoring system, and even liked having the groups split for maxim fairness. Owl Creek Archery did an outstanding job hosting this shoot again. They are already talking about how they can make it better next year. I'm thinking a little less rain and possibly a different weekend. We seemed to run into quite a few graduations that weekend. That wasn't something that we thought about last January when we set up the calendar. We were just trying to do something a little different.

While at the State 3D, it was discussed and voted to award the NFAA/MBH State indoor to Nadaho Archery club, Graham, ABI Archery club, Claycomo, Powder Horn Guns & Sporting Goods, Columbia, Smokey Hollow Archers, Palmyra, Wild Idea Archery, Seymour and Indian Trails Archery, Salem.

This will cover the entire state. With gas prices not showing any sign of relief, this should be easier on the wallet. Everyone will have a chance to participate. This will be a one day shoot held on December 18, 2011. That sure seems like a long ways away.

There will be a lot happening this summer. Lots of 3D's a few Field shoots and don't forget the MBH sponsored Youth Fish shoot in Warsaw on July 16th. Independence Bow Hunters will be hosting the NFAA Midwest Sectionals on June 25 & 26. This will draw archers from all over the Mid-West. Tobi and crew always do a great job hosting this event!

Please note that all articles, pictures, calendar of events and other submissions for the Release, need to be mailed to the MBH office at PO BOX 108 Huntsville, MO 65259. All E-mail correspondence should be sent through the secretary at potter.mbh@cvalley.net

Time flies when you are having fun – it is very hard to believe that it is approaching the last of May already and that we will only have four more 3-D tournaments left for the season! Just when I think it is safe to put away all the winter clothes, we get smacked with another cold spell and the sweatshirts feel pretty good.

Our Mother's Day shoot went very well with 122 archers participating in spite of the fact that it was Mother's Day and there were several graduations around our area that day. We were tickled to have 18 in the Cubs I & II classes. Thanks to all that came – here are the winners, full results can be found on our web site at www.nodahobowhunters.com. I apologize to Tyler Vorhies – he is a ten-year-old that stepped up a class and shot in Cubs II, but I had him in the Cubs I class, so he didn't get the recognition he deserved on tournament day.

Kelly Hersch was the winner of a free shoot in the FUN division. Stan Harmon, Jr. and Austin Vail were drawn for partners and had the high team score of 795 to win the MONEY division.

I wish I had some turkey stories to pass on, but alas I guess none of our members managed to arrow one – at least they haven't reported it to me if they did. We are looking forward to hosting our Traditional Only tournament on Saturday, June 11 followed by our regular 3-D tournament on Sunday, June 12. Hope to see you there!

Finally, our thoughts and prayers are with those affected by the recent tornadoes that have plagued Missouri and surrounding states. We hope you and yours are safe.

INDEPENDENCE BOWHUNTERS

May 2011 - Tournament Results

We would like to thank all the people who supported our tournaments in May. We did get a little rain both days but it wasn't too bad. This year we bought 21 ASA 3d targets which I know everyone enjoyed shooting and we even had a number of shooters who participated in our non-competitive class. If you haven't been to one of our 3d shoots we encourage you to come out and shot our 3d layout and our coon shoots at night are a blast. We are having another Coon shoot June 11th and a Field shoot on June 12th.

There were some good scores turned in but it all comes down to the 3 target shoot-off for the places receiving money payback. For a complete list of shooters and scores please go to www.independencebowhunters.org.

Missouri Bow Hunters Association
13th Annual

Conservation Committee

If you read my report last month you know that Senate Bill 300 was a real concern not because it would have allowed centerfire handguns to be used during the muzzle-loader deer season but because it would set hunting methods via state legislation, bypassing the Missouri Department of Conservation. Those efforts were defeated thanks to all who let their legislators know that is not the best course of action for Missouri's wildlife.

Dave Murphy the Executive Director of the Conservation Federation of Missouri had this to say about the recent legislative session; "Perhaps the greatest achievement for the conservation community this session was the defeat of several bills and amendments. Efforts to set hunting methods via legislation failed. Also various attempts to challenge the North American Model for Conservation, where wildlife is held in the public trust, were defeated. Wildlife belongs to all of us Americans, not to a royal family, not to the government, and not to individual landowners".

It was great to see & shoot with some of you at the State 3D Tournament in May.

I learned a few valuable lessons at that shoot. You see I thought I would try my hand at Traditional Archery this year to see if I could become proficient enough with my recurve to possibly harvest a deer this fall with it. I finished a distant 7th place in the traditional class. Top ten sounds good until you realize that only 7 traditional shooters entered. I learned I am not ready yet! Unless I can get that deer within 15 yards standing broadside perfectly still. I want to say thanks to the guys I shot with on Saturday for not being too hard on this novice. I have got a long ways to go to shoot as well as Don, John, Jim, & Effie.

Happy Bow Hunting

NOMO Bowhunters Host 3rd Annual Youth 3D!

Once again, NOMO Bowhunters stepped up to host their 3rd Annual Youth 3D shoot. The event was held on May 21st at their range near Moberly. Club members set-up a great 40 target course for the kids and donated medals for 3 places along with 2 high point trophies. In addition, the club gave away \$200 worth of door prizes! Special thanks to Powder Horn and Bass Pro for donating gift certificates prizes. The rest of the prizes were purchased by the NOMO club.

Participation was up again this year with 59 youth participating from various counties across the state. A couple of participants from Jefferson County Kansas also made the trip this year! Once again, NOMO Bowhunters donated 100% of the entry fees collected to the Randolph County 4H Shooting sports program. Special thanks also goes out to Chris Botkins who is a NOMO member and also belongs to both the MBH and NFAA organizations! Chris volunteers many hours each year to serve as the Randolph County 4H Archery Program Leader. With assistance from Richard Potter (certified 4H archery instructor, MBH member & NFAA Pro) weekly meetings are conducted and youth from around the area are given the opportunity to develop their archery skills.

A HUGE THANKS to all the members of NOMO Bowhunters for their continued commitment to support our Youth and for helping to grow the sport of Archery... **GREAT JOB!**

News From The Stump...

By Kathy Potter
NFAA Director- Missouri
potter.mbh@cvalley.net

Hello All! Hope everybody enjoyed a great spring turkey season. Unfortunately birds were scarce around our place! We did (at least) fair a little better with the shrooms.

There's been a changing of the guards at NFAA headquarters. It was recently announced that Marihelen Rogers was leaving her post as the NFAA Executive Secretary. I'm glad to report that Marihelen isn't going far. She has joined the World Archery Festival (WAF) and will be heading up and coordinating the tradeshow activities for both WAF and the major NFAA tournaments.

I'm equally pleased to report that Natalie Vollmer has assumed Marihelen's previous responsibilities as the new NFAA Executive Secretary. Jessica Sejnoha also provides administrative support and together, these two will most assuredly keep the NFAA organization running smoothly!

In other news from the NFAA office, the Easton Foundation has stepped up to help the NFAA office and the NFAA Foundation to replace some seriously outdated computer systems. Bruce Cull (NFAA President) recently received approval from the foundation to purchase \$30,000 of network hardware and software. If you are at a tournament and have the opportunity, please take time to stop by the Easton booth and say thanks. The Directors of the Easton Foundation are; Greg Easton, Erik Watts, Don Rabska, Jim Easton and Caren Sawyer.

June is all about NFAA Midwest Outdoor Sectionals! Please consider coming to **Blue Springs, June 25th-26th to participate!** The IBH club hosts and awesome shoot. If you are new to field archery, the folks will work to pair you with a group that can help guide you through the rounds.

Hope to see you there!!

Don't Forget Your Confidence

The baseball legend Yogi Berra once said, "This game is 90% mental half the time." The same can be said about archery in almost any instance. Most all archers have heard and understood that the majority of our aiming and releasing is controlled primarily by our mind through our subconscious. Once one can somewhat gain control of this, they can improve their archery game substantially. But after all this talk of the subconscious and what not, I think we miss something that is nearly, if not even more important. This crucial element is confidence. Over the last couple months, I have been assistant coach of a NASP archery team at a private school in my home town. Through the process of working with the students on their form and technique for a period of time, the head coach and myself had grown our team into a finely tuned shooting machine. Everything looked great. Their form was that of world champs and they were putting in scores that blew my mind. Hey, they made it to Nationals someday, right? Anyways, I noticed a common occurrence in practices that happened to a couple shooters each practice. It was not the same shooters each time. It varied from person to person. I thought this was quite the occurrence. So, one day I watched one of the more advanced shooters on the team. She is a very competent shooter and she was putting in a great game. The first couple rounds at 10 meters were between 48 and 50 (50 being 5 10's). Once we moved back to the 15 meter line, she continued the great round with a 48. On the second set of arrows at 15 though, she had one arrow jump from an average of 9's and 10's all the way out to a 5. She shot a 42 that round. Suddenly her next, and last round of the game dropped to a 34. Ouch!!! I sat down with her after the round and asked her what happened. Basically, she let that one 5 got in her head and she suddenly thought her whole game was down the drain. The moral of the story is, when one makes a bad shot, or more so misses a deer, you need to remember the 50 great shots you have made lately instead of the one bad shot. If you let the bad shot haunt you, it will hurt your shooting. Remembering those good shots, though, will strengthen your mental stimuli. When you strengthen the mental stimuli, your confidence will soar and so will your scores. Always remember, once you release that arrow, there's no way of getting back that shot. If it's a good shot, remember it and relish in the glory of making a good shot. If it wasn't quite so good, tell yourself, "Hey, we all make a bad shot here and there. I can do better than that. I have shot better than that!" After that, focus on the next shot. I hope this little nugget of archery information will help someone out there.

Aim Small and God Bless
