## A message from your President

April is generally the month where everything starts to grow. That can be said for Missouri Bow Hunters, too. The new MBH youth State Championship was held on April 15th. 74 archers competed at 7 different locations across the state. 24 of these young archers shot the NASP division. (National Archery in Schools Program) MBH brought 31 youth and 4 family memberships into its archery family. Now that's growth! This tournament was made possible because a lot of people stepped up to make it happen. A very special thanks goes out to Faron Teague, owner of Indian Tail Archery, for not only proposing the idea of this tournament, but taking on the role of tournament director. Cole Duensing, for acting as the official MBH representative at the Absolute Archery location in Butler. Cole also brought with him the entire archery team from Holy Rosary Catholic School. This was the first MBH event held in Butler. Thank you Steve Huntsman and Absolute Archery for helping to make this first youth tournament such a success. In addition to everything else, a couple of the host clubs donated their proceeds of \$110 to the Paul Jeffries Scholarship Fund. Thank you to ALL of the clubs and business that hosted this shoot. NODAHO, IBH, Butch's Sports World, Summit Archery, East Fork Archery, Indian Trail Archery, and Absolute Archery.

It is with great pride and excitement that I get to announce the winner of the 2012 Paul Jeffries Scholarship Award. Kaitlin Jones from Owensville, will receive \$500 towards her education expenses for the upcoming school year. Choosing a recipient for this award is never easy for the scholarship committee. I was told that there were several well deserved applicants. Kaitlin will be graduation from Mizzou in 2013 with a major in Photojournalism. We will get to know more about Kaitlin in next month's Release. As for the rest of our young members, keep this in mind. Everyone is always asking what MBH does for them. Here are 500 more reasons to BELONG to and PARTICIPATE in YOUR state archery association!

The state outdoor field shoot will be held the second weekend of July this year. There is normally a short BofR meeting held that Saturday after shooting has ended and before the festivities begin. This is the year that you will be submitting nominations for your officers for the 2013/14 term. If you are interested in either being President or Vice-President, or know someone who would be interested, that would be the time to speak up. Although, you really should talk to them before submitting their name.

### The Missouri Show Me Games are coming right up!

The 3D portion will be held Sunday July 22nd, and the target portion will be held Saturday July 28<sup>th</sup>. See [smsg.org](http://smsg.org) for more information. This is a great opportunity to grow the MBH! If you would like to help the MBH set up a booth for new memberships please contact me via email [jmason@grm.net](mailto:jmason@grm.net). Thank you.

## from Cole Duensing... What is Innovation without Progression?

Throughout history, many great inventions and achievements have changed various aspects of our lives. Take for example, the invention of the automobile. It is generally understood Karl Benz produced the first "modern automobile." At the time, the invention was an incredible achievement. The issue with Benz was his cars were not available to the people and therefore too expensive for the majority of the population. It took quite a long time before Benz was able to produce cars for the general public because of this. On the other hand, Henry Ford took the idea of an automobile and combined it with the ideas of an assembly line to make automobiles available to the public at a price in which they could afford. Ford took the previous innovations and used progression to take them to the next level. Without this, the idea of cars for anyone might not have ever become a reality. We are running into the same issue right now with archery. Times are definitely changing; there is no doubt about that. In order to keep up with the changes, we need to look to the future and find a way to make progress to make our sport even stronger than what it is now. Without proactive thinking like this, we may lose everything we have strived to achieve in archery.

Shortly, we will be converting the "Release" into a completely electronic format. This is a big step for the MBH. In order to continue our progression into the future we need to make some changes and this happens to be the most logical step. There are many positive sides to this change. First and foremost, cost of the electronic version is very minimal. With the amount of income to the MBH, the printed version is quite the load. The money we have that is normally used on the printed version can then be used to create tournaments and events that will promote the MBH. For example, our new Junior MBH State tournament has already brought in 20+ memberships! Not only that, the new members is the future generations of the organization and the sport. Along with the financial positives, the publication will be available in a clean, colored, very accessible version on line. The photos will be shown in all their glory in color along with a very easy to read format.

One of the issues that have arisen in the last month or so from some of the members is that they do not have internet access. Just because you might not have internet access does not mean you cannot still receive the "Release." If you have a family member who has access, ask them to print it off and give you a copy or mail it to you. If you know a fellow member who has internet access, ask them to print it off for you. It's no different than asking someone if you can hunt on their land, simply just ask and you'll be surprised who will help! The MBH is by no means trying to push anyone out or to isolate anyone from the "Release." This is just a step that the MBH must take to insure the future of the organization.

Lastly, I would like to thank everyone who has been involved with the printing of the "Release" in years past. I would like to thank Karen Thornton for being so helpful and very easy to work with. I always send my pieces to her and she is very prompt in her side of the process. Thank you to everyone!

## NODAHO BOWHUNTERS, INC.

*Jeanette Brookshier, Secretary*

Seven Nodaho members traveled to Louisville, Kentucky for the National Tournament held March 31 & April 1 – Greg & Linda Parker, Tim & Connie Randall, Larry Mincy, Dakota Leeper and Sidney Leeper. Congratulations to Sidney Leeper for her strong shooting and 1<sup>st</sup> place finish in a new division this year – Elementary Female NASP.

Our April 8 shoot was very successful in spite of falling on Easter this year with 85 shooters. Complete results can be found on our web site, [www.nodahobowhunters.com](http://www.nodahobowhunters.com) or on Facebook at <http://www.facebook.com/nodaho>.

Nodaho was also one of several clubs to host the Junior State Indoor MBH Championship tournament. Congratulations to Nodaho members Madison Thompson (YFFSL) and Ashley Thompson (CFFSL) for their first place wins.

Our Wednesday evening leagues are going strong as members gear up for 3-D season. Plans are also being made by some for Field and long distance shooting at the Show-Me games this summer. Once again, it will be a busy season - the longer daylight hours sure help.

Our next shoot will be Mother's Day on May 13. We are also having a "Traditional Only" shoot on Saturday, June 9 followed by our regular June 3-D on the 10<sup>th</sup> – hope to see you there!

**Dallan Reed** enjoys shooting by instinct more than employing the advanced technology allowing near perfection. So after the 2011 National Indoor Championship he stripped his bow of everything and decided to give barebow a try. As it turned out, it was a style that suited his personality; where relaxation, rhythm, and instinct are more important than the cool steady hands and nerves that are required to shoot freestyle. Dallan once remarked, "One of the reasons I can shoot barebow and most other guys would find it frustrating is it doesn't bother me to shoot a three."

From day one Dallan showed some talent for barebow and over the last year his scores have improved. While the lack of competition is frustrating, one of Dallan's strengths has always been his ability to realize his biggest competitor is himself. After day one at Nationals this year it appeared he trailed by 30 points but as it turned out the score was posted incorrectly and he actually had a 70 point lead. Dallan easily breezed to the championship on day two.

Dallan would like to thank all the archers over the years that have helped him in the sport. He is grateful for the support of everyone at ABI especially Sam and Sandy Maucelli, Charlie Crocket and Jack Grammer.

# CONSERVATION COMMITTEE

This past April 13th I had the privilege of attending a ceremony to induct two of the Missouri Bow Hunter Association's founding members Earl Hoyt, Jr and Paul Jeffries into the Missouri Department of Conservation's Hall of Fame. The MDC Hall of Fame honors individuals who, during their lifetimes, made significant contributions to the cause of conservation in Missouri. I'd say both of these guys had a tremendous impact on that cause. Earl & Paul were two of the eight archers that participated in Missouri's first archery deer season in November 1946. Although no one harvested a deer that year they started Missouri's rich tradition of Archery Deer Hunting. The resident archery permit in 1946 cost \$3.15, good for 1 Buck, and the season was only 2 days long, plus they were competing with the gun hunters who were hunting the same season. The following January Earl Hoyt, Jr. wrote in N.F.A.A Archery Magazine, "Efforts are being made to obtain more favorable hunting conditions for the archer hunter either in a season preceding the gun season or by hunting privileges in game refuge areas". In August 1947 Paul Jeffries wrote in Archery Magazine, "During the 1946 archery deer season a committee was designated to organize the State Field Association. Well, we dood it. The Missouri Bow Hunters are now open for membership". Also that is not a typo, it really said "dood it". We became official at the first field championship tournament on September 14<sup>th</sup> & 15<sup>th</sup>, 1947 in Sedalia, Mo.

For the past 64 plus years the MBH has worked for the Missouri Bow Hunter. We have been involved with the Missouri Department of Conservation & Conservation Federation of Missouri to establish seasons, limits, and provided volumes of data to help manage our great outdoor resources. Conservation is defined as the wise use of a resource. I'd say Earl & Paul were very wise men and very worthy of the MDC Hall of Fame. So the next time you are deciding if the Missouri Bow Hunters is an organization you want to continue to belong to, just remember where we started and how far we've come. A resident archery tag costs \$17 in 2011, you could harvest 2 deer and 2 turkeys of either sex, and the archery only season lasts 4 months. There were 40 different manage deer hunts you could apply for plus lots of Urban deer hunts allowed for archery only hunters. Last year there were almost 200,000 archery hunters and we harvested over 150,000 deer for a new state record. While it's true that we have earned our place in Missouri's archery and deer hunting history it is also true that there are people and organizations that would like to limit or take away our hunting privileges. The annual cost of being an MBH member is \$25 for a single or \$30 for a family. A three pack of broadheads costs more than that. So send in your dues to keep Earl and Paul's legacy strong.

## Northwest Missouri Archery Club

Teri Fosdick, Secretary  
Marsha Criger, Treasurer

NWMAC is pleased to announce that starting Sunday May 6th we will be hosting our first 3 D tournament for 2012 at the Emmett & Leah Seat Conservation area and continue the first Sunday of the month through September.

This would not be possible without the support last Fall from all our wonderful friends at NODAHO BOWHUNTERS, and all our archery friends who signed the letter to the Conservation Department on our behalf - THANK YOU ! We met with the conservation Agent and the course is approved for 40 targets, for those of you who have not been in the past, the Seat Conservation area range is an easy walking course with A & B sides and well marked trails.

Directions to the Emmett & Leah Seat Conservation Area are:

From Bethany I - 35 Exit 92 , Hwy 136 West 9 miles to Rt EE at New Hampton , go north 12 miles to Rt M, West 3 miles to Emmett & Leah Seat Conservation Area, or 11 miles North of Albany on Rt C , and 4 miles East of Denver on Rt M , Follow signs to Archery Range on North end of Conservation Area.

We hope you can join us this year

# LARGE & SMALL GAME COMMITTEE

Stay tuned for a few changes to the Game Awards Program. I am working on a few proposals to be presented at the B of R meeting during the State Outdoor Championships in July. I hope to raise interest and participation in the program. In the mean time I thought I would do a little research on the MBH Top Ten Deer. Let's do that review in a countdown to #1.

## MBH All Time P&Y Typical Bucks'.

The # 10 buck is a tie between 2 hunters. Fred Coleman killed a 10 pt. buck in Livingston County on November 12th, 1980 that scored 153-6/8 and Greg Clement killed one in Holt County that scored the same in 2003. Unfortunately I cannot find any more info on either of these two bucks. If anyone has any more info on these two kills please tell me.

The #9 buck is a 10 pt. typical was killed by Bill Beissenherz in Boone County on October 5, 1997 at 7:05pm. Bill used his Hoyt Rambo bow with a Satellite 125 broadhead from a tree stand to heart shoot that buck. The deer field dressed at 197lbs and scored 153&7/8 P&Y points.

## MBH All Time P&Y Non-Typical Bucks'.

The #10 buck was an 18 pointer killed by Pat West on State land in Pike County on October 2, 1982 at 6:12pm. Pat shot it through the lungs from 6 yards out of a tree stand with a Hoyt bow and a Satellite broadhead. That deer field dressed at 176lbs and scored 145&5/8 P&Y points.

The #9 buck was killed by Jim Horton in an unknown county in 1972. It scored 146&1/8 P&Y points. Sorry I don't have anymore info on this one either.

**MBH All Time Big Does'.** Note; I had 2 different lists here, one list Don Roper had and another from Jack Davis. They were a little different so we will combine them & start at #11 for the countdown.

The # 11 Doe was taken in Randolph County by 16 year old Adrian Albright at 6:30pm on September 17, 2008 with his Bear bow & Rage broadhead from a tree stand at 22 yards. That deer's field dress weight was 152lbs.

The #10 Doe was killed by Chris Murphy in St. Louis County in 1998. Chris used a High Country bow with a Nap Thunderhead broadhead. Tree stand shot of 20 yards at 3:50 pm on November the 4th. Field dressed weight was 155lbs.

#9 Doe on the list was killed by Dennis Foglesong in Clark County way back on November 11, 1979 at 5:05 am. That's all of the info I could find.

Read next months article for #8 and #7 MBH all time deer. Remember these are MBH Club records. You have to be a member and follow the rules of the Large & Small Game Committee to enter. Rules will be posted in the near future. Turkey season update; so far my turkey season has been a bust. I've been in the field 4 days without even getting close to having a shot. Hope my luck changes soon.

Due to a website problem the on-line reporting may not have worked for you. Therefore the deadline to report your Spring Turkey Harvest has been extended to June 15, 2012. If you have submitted an on-line report please contact me to confirm I have received it. Thank you.

## Northside Archers

**St. Louis, MO**

Well here it is, almost June already by the time that this comes out. Summer's hot days are already upon us. One day we have the heat on, and the next the AC.

We have got our outdoor range up and running thanks to the great help of our club members.

Tuesday evening league started last week and we had ten shooter start out. I hope we don't get any rain on Tuesdays because it messes up our outdoor league. We usually start shooting between 4:00 and 6:00 pm. at our outdoor league. Yes, we are having our outdoor evening league back on Tuesday evenings again this year. It seems like, no matter which night we choose the rains seem to find us.

Our outdoor range is up and in pretty good shape with about every butt completely rebuilt, but the weeds are coming on fast because of all the rain. It also looks like this will be the year of the mosquitoes. We lost our bridge at the 80 yard walk-up, but it is not hard to walk around and cross over the creek. I am trying to come up with a way to replace the bridge, but have not come up with anything yet. We added a new bench at the 80 yard walk-up, put some new boards on the old benches, and had to put in another new bow rack at the 50 yard target. Still have to replace the one at the 40 yard target. It seems that some people just have to take whatever they want. We have a little more maintenance to do yet to be ready, but we'll be there.

Be sure to see the calendar of events, as we are having our **Outdoor Tournament on July 8<sup>th</sup>** this year, as the Nationals doesn't start until the 25<sup>th</sup> - 29<sup>th</sup> of July. We will be shooting 28 Field targets. Registration will be from 8:00 am until 9:00 am with a shotgun start. Come on out and warm up for the State Outdoor Field on July 14-15<sup>th</sup>. If you can shoot our range, you can shoot any range.

That's about it for this time. Until the next time, keep those arrows on target and in the center.

## St. Louis Bowhunters

Well here we are almost into June already and it's starting to look great for outside shooting. I have the results of our last 3-D shoot that was put on April 22, 2012 at the Benchrest Gun club, close to Wright City, MO.

My name is **Linda Parker** and I began my archery career some 28 years ago after following my husband, Greg, through a 3-D course in Rock Port, MO. It looked like a fun way to spend time together, so that summer I bought my first bow.

I have to admit, the indoor round is still my favorite, however I shoot some field archery when I can.

I started out shooting in the bow hunter freestyle limited class,

which is the class I compete in now, however I'm shooting the senior division.

I've been able to stay true to my commitment to stay a "finger shooter" as long as I can, learning a lot along the way. I shoot a custom Bubba Bateman tab with my Mathews Apex 7 bow and 2213 X7 eclipse arrows.

I've competed at nationals for many years, met many wonderful people, and gained much knowledge from other archers. It is an experience I would advise any archer to participate in.

### **Your MBH expiration date is included on your mailing label!**

For example, if the expiration is listed as 2011.07, means you need to mail your dues to the MBH Secretary by the end of July, 2011. Payments for membership renewals should be sent to MBH, P.O. Box 108, Huntsville, MO 65259. The cost is \$25 for an individual and \$30 for a family.

Thanks to the 45 or so shooters that came out. Thanks also to the people that worked so hard to put on these 3-D shoots. It is a full day's work believe me.

That's about it for this time. Hope to see you all at one of our 3-D or Field tournaments. May all of your arrows find Gold. If you have a computer and can get on the Internet, check us out at: [www.stlbowhunters.com](http://www.stlbowhunters.com) and see what else is going on at the St. Louis Bowhunters.
