Missouri Bow Hunters

A Rich and Proud Past...An Exciting Future!

When Steve and I took on this role last year, with the role came boxes and bins full of STUFF! At the time, I had a hard time even imagining what was in some of those boxes. However, after spending a little time going through them, I realize that there is so much history here. One box held old cassette tapes of B of R meeting minutes, while another held score cards from events held back over the last several years. Probably the most fun one to go browsing through, was the huge tub filled with copies of Releases dating back to 1963, or at least that's the oldest one we have been able to find.

I thought it might be nice to show a few of these bits of history off throughout this coming year. The two pictured here are from September, 1963 and June 1965. The cover of that 1963 Release features Barry Hazen, the 1963 Field Archery Champion. While the 1965 Release features Owen Jeffery, who had taken top honors at a tournament that had been held in April, 1954 north of Huntsville, with a caption asking "Were you there 11 years ago?"

Looking at these copies, many of the club names are unfamiliar, but yet there are others like NOMO, Independence Bow Hunters, and Northside Archers that are familiar, and who also share this long and rich heritage that is Missouri Bow Hunters.

The officers, the B of R representatives I have spoken with and worked with over the last few months and the first edition of the Archery Guide has come into reality are excited about 2014 and what this year holds for MBH, for our members and for the sport of archery in the state of Missouri. I hope each of you is excited for 2014. Whether you are a hunter looking for the trophy prize to hang on a wall, a tournament archer,

whether it be a spot shooter, a field archery or a 3D shooter, a novice or a seasoned veteran. I challenge you to introduce someone else to archery, get them to be as excited about the sport as you are...it is contagious!

The 2014 Archery Guide has been proofed and as of this publishing, it is off to the printer so that we will have them available hopefully at the Kansas City Shoot Out, and definitely by Indoor Midwest Sectionals and at the State Indoor. There will be one guide for every current MBH member household. We hope that you will find the information provided in the guide to be useful and timely for you and your families.

A message from your President

It's sure been a cold and and snowy winter so far. One day we have wind chills of -40 and a week later it gets up to 50 degrees. You just never know what will happen in the Midwest.

Indoor season is heating up though. Missouri was well represented at Presley's and the Iowa Pro Am. Many of our archers finished in the top of their divisions. Leagues have formed all over the state and Vegas is right around the corner. Hard to believe it is already that time again.

With the State Shoot coming up in March now is the time to get registered and reserve a room. Capital Plaza will again be the host hotel. Special room rates are \$69.00.

The Archery Guide is finished and off to the printer. This is something Missouri archers have never had. There has been alot of time and effort put into this Guide. This Guide has something for everyone. We will let everyone know as soon as they are available.

East Fork Rock'n Shots Club

December was an exciting month for members of the East Fork Rock'n Shots club! Thirteen youth JOAD members participated in the NFAA Sanctioned State Indoor a number of them medaled in their divisions. Regardless of the outcome, it was awesome to see them encouraging one another and displaying great sportsmanship!

JOAD qualification rounds were held for the month of December and five members advanced to new skill levels. They were:

Lainie Ballance- White (compound)
Isaac Bohm- Black (compound)
Hunter Boots- Blue (compound)
Darcy Pierce- Black (compound)
Lane Pierce- Black (recurve)

Bad weather didn't keep the Rock'n Shots JOAD members from celebrating the Christmas holiday. Parties were held on December 19th and 28th. Members enjoyed played a dart round, ate pizza and topped off the event by shooting at Christmas tree decorations (compliments of Sebastian Cooper who is STILL cleaning up the mess). A great time was had by all.

A MOMENT FOR GROWTH

After assuming the role as Public Relations/Publicity, I wondered how I could create a better relationship with our shooters and members. I knew that many people had ideas and input they wanted to share. I also am a firm believer that any organization or group has room to improve. I am very relieved to say that I have seen something very heart warming and promising lately with MBH. Several civilized, organized, and informational conversations have been conducted on a particular archery-based pages on Facebook regarding our State 3D Championship. There is no doubt that the event has been lacking in the last number of years. Numbers of shooters have been low, unclear rules have disrupted people's views of the event, among other issues that need to be cleared up. The discussion on these issues have needed to come for quite a while and it has finally appeared on a conversation that didn't even start on the topic of MBH. So, with the discussion comes many great ideas. There were lots of things that have been suggested to myself and others within MBH and we have to agree, it is time to update our stance on 3D.

The 3D side of archery is a large portion of the overall shooting population. Our 3D tournament has been the most disappointing event of the year. Not to say it's the venue, because Carroll County Bow Hunters have done an AMAZING job and I hope to see them continue their awesome shoots, and hopefully with MBH. The disappointing part is the overall turnout to this event.

We live in Missouri, a state that has 3D tournaments that bring in hundreds of people per event, yet MBH has only been able to maybe pull in 60 at a state championship? There is clearly an issue here, and that is what we want to fix. Within our conversations we have come across some very fundamental issues that have turned up over the years. These issues are not hard to change and it just needs to be handled correctly. It is now time for our Board of Representatives to do their job and take on the responsibility to allow the necessary changes to be made. I encourage everyone to try and make it to our next Board of Representatives meeting on February

2nd Release or on our Facebook page.

If you are a B of R Representative, now is the time to make a difference in our success as an organization. MBH has had critical moments in time throughout its history and this is one of them. It is imperative that MBH that continues to grow and expand, and the 3D side of archery is where MBH is lacking.

In order to continue being a strong organization, we need to be well rounded in all forms of archery. Until next time, get out there and shoot some arrows!

Aim Small and God Bless

NODAHO BOW HUNTERS, INC.

As I write this it is hard to believe that the year 2013, Christmas and New Years will be a memory and the 2014 archery calendar in full swing. A lot will be packed into the next couple of months as archers prepare for the "big" shoots wrapping up the indoor season. Several Nodaho members are going to the Vegas shoot, State, Sectionals and Nationals - some for the first time, so it should be fun.

Our December 300 Round or 360 Vegas was well attended December 7 & 8 in spite of several inches of snow falling on Sunday. Results can be viewed on our web site at www.nodahobowhunters.com. Our indoor leagues are also going strong as we are getting ready to wrap up the first league and start the second after the first of the year.

I don't know whether our members are not going hunting, not connecting or just not reporting their harvest to me, because I sure don't have anything new to report. Of course, it has been bitterly cold - perhaps it will warm up a bit to make hunting a little more enticing. Our January 300 Round or 360 Vegas will be on the 11th & 12th.

We hope health and happiness has followed you into this New Year, and we'll see you soon!

As we start the New Year I wanted to talk about a very important conservation organization in our state.

In 1935, sportsmen from throughout Missouri came together to form the Conservation Federation of Missouri (CFM). They organized with the purpose of taking conservation out of politics. Their initiative petition campaign resulted in the creation of the Missouri Department of Conservation, a non-political conservation agency that has been a model for other states. Since then, the Federation has undertaken many successful battles to ensure Missouri continues to be the leading state in conservation policies and funding. In 1976, CFM spearheaded successful passage of the conservation sales tax to create stable broad-based funding for Missouri's forests, fauna and fish. Today CFM is the largest and most representative conservation group in Missouri. It is a citizen's organization with 70 affiliated clubs all across the state. The Missouri Bow Hunters is one of those affiliated clubs. As an affiliated club we team up with the other clubs to present a powerful voice for Missouri Conservation not only with our state legislature and conservation department but also nationally.

One of the best ways I know of to see what this organization represents and does for Missouri outdoor enthusiasts is to attend the CFM Annual Convention held each spring. This year's convention is March 21-23 in Jefferson City. Each year the convention highlights include; an Annual Conservation Awards Ceremony, the chance to meet Conservation & Natural Resource Leaders, attend several different resource committee meetings where state biologists and other experts give reports on the status of various wildlife and natural resources and where you can hear or present ideas to the states governing organizations, a great dinner banquet including auctions and raffles that include lots of outdoor gear, guns, and trips that raise money to support CFM, plus several family and youth programs being held during the convention.

I'll be there so plan to join me by registering and attending this year's convention. To get more info and to register you can visit the CFM website at www.confedmo.org or call 1-800-575-2322.

News From The Stump....

By : Kathy Potter
NFAA Director- Missouri
potter.mbh@cvalley.net

This year marks the 75th anniversary of the National Field Archery association! Founded in 1939, the NFAA now consists of 49 chartered state associations and nearly 1,000 affiliated clubs. It is the largest field archery organization in the World!

The primary purpose of the NFAA as defined in the Constitution and By-Laws is to *'Unite field archery associations of states into one organized unit that will work uniformly and effectively in providing for the development of the sport of archery in conformance with the will of a majority of the membership.'* To achieve that objective, each state association holding an NFAA charter elects a State Director. The Directors then meet to review and vote on a host of agenda topics that ultimately uphold, modify and/or add to the By-Laws of the NFAA. These B-Laws serve as the foundation for all NFAA sanctioned events across the nation.

This year is no different. A one day session will be held on Monday (before The Vegas Shoot) on February 3rd.

The details related to all the agenda topics can be found on the new NFAA website at www.nfaausa.com. Select RESOURCES, from the menu at the top, then select DOCUMENTS. The 2014 Director's Agenda is the first document on the list.

Please...take some time to review this year's agenda, give the items your thoughtful consideration and then send me your feedback! I take my responsibility to represent the NFAA Members of our state, very seriously. The most effective way for me to do that is to HEAR FROM YOU!!! Thanks to those that have already taken the initiative to read this year's agenda and provide their feedback. I look forward to hearing from more of you over the next few weeks. You can email your thoughts to me at potter.mbh@cvalley.net. Or send via US Mail to 1401 County Road 1255, Huntsville, MO 65259.

NFAA HQ is finalizing the next issue of the ARCHERY magazine and looking for NFAA Member bow hunting pics from 2013 that can be printed on the Bowhunting Brag Board.

If you have something you would like to share, please email the picture along with your name and I'll pass it along. Also, if you have a special memory that you would like to share in honor of the 75th anniversary, please email it to me and I'll pass it along to NFAA HQ. It doesn't have to be more than a few lines or a paragraph. Sorry for the short notice, but please send me your submissions by January 23rd.

God Bless!
Kathy

Notice; I have been informed by some members that they sent in reports via the website in November, that somehow I never received. The website may have been experiencing problems or it may have been a glitch in my email. Whenever I receive a game report via the website or by US mail I will always respond to let you know I received your report. If you do not get a response from me then I probably didn't get the report so please resend it or give me a call or try to contact me at my email address
