### ***A Note from the President***

Spring is a good time of year in Missouri. If you like to be outdoors it is a great time of year in Missouri. Everything is blooming, redbud and dogwood trees are flowered out. The grass and trees are turning green. The morel mushrooms are starting to pop. Turkey season kicked off last weekend for the youth, and I saw on Facebook that MBH had some successful youth hunters. The regular turkey seasons starts in a week. I was able to break in a new bait casting rig last week and caught a few small bass.

As I write this article I am torn between grabbing my fly rod and finding some bluegill or start getting some sight settings for field archery.

The 3D season has been going for several months but is in full bore. EastFork Archery held their first field archery shoot this month. In the Kansas City area Independence Bow Hunters held a work day for the outdoor range, with an archery range pass from Jackson County you have three 14 target ranges to choose from.

I have been in front of this laptop to long I believe I will shoot my bow then go fishing. I suggest you do the same.

Steve Bridger  
*MBH President*

### ***Missouri Bow Hunters Is Well Represented at the NFAA Indoor Nationals and The First Dakota Classic***

More than sixty archers from Missouri represented Missouri Bow Hunters at the NFAA Indoor National Tournament.

We were also well represented at the Dakota Classic as well with more than 20 shooters from around the state of Missouri attending.

MBH brought home Championship Bowls, trophies and bragging rights from both events.

### ***News from Nodaho Bowhunters***

Nodaho Bow Hunters have been gearing up for the outdoor season and working to make our

3-D shoots better than ever! We've made some changes to the range and once NFAA approved, we'll be able to change it up so we won't have to follow the same old path every time.

We've started our outdoor "league" once again on Wednesday evenings followed by bring your own picnic fixings that we throw on the grill. We've also managed to keep our membership cost low - \$20 per person or \$25 per family with "A" range set up 24/7 for members to shoot whenever they want.

We are looking forward to a great season – we hope you can join us on the 2<sup>nd</sup> Sunday of every month starting April 12 followed by our Mother's Day shoot on May 10.

Hope to see you soon!  
Jeanette Brookshier

# Conservation Committee

## **2015 Annual Conservation Federation of Missouri Convention Report.**

Having just returned from Jefferson City after attending my 5<sup>th</sup> convention as the MBH representative I continue to be impressed by the conservation system we currently have in the state of Missouri. Here are a few highlights from the Conservation Federation of Missouri Annual Convention held on March 20-22, 2015.

With over 300 attendees, the convention was a productive, event-filled weekend spent with passionate conservationists. CFM presented 12 scholarships to students on Friday evening. These scholarships recognized both undergraduates and graduates for their hard work and dedication to our natural resources. The most unique portion of the Annual Convention is the resolution process. Much of the weekend is spent crafting, perfecting, discussing and passing resolutions. This year 22 resolutions were passed, which can be found at <http://confedmo.org/2015-2/>. The 55 Conservation Leadership Corps (CLC) students in attendance spent much of their weekend crafting their resolutions. They worked in groups and with conservation professionals to produce 13 of the 22 resolutions passed. I was the Co-Chairman of the Archery Committee along with MBH lifetime member Dick Wood this year. We passed two resolutions; the first was authored by CLC students and reads as follows;

**RESOLVED** that the Conservation Federation of Missouri assembled at the Capitol Plaza Hotel,

Jefferson City, MO, this 22nd day of March 2015 encourages the Missouri Department of Conservation to increase the hunter education certification requirements on tree stand safety.

The second resolution was authored by past CFM president Mike Schallon and reads as follows;

**RESOLVED**, that the Conservation Federation of Missouri assembled at the Capitol Plaza hotel, Jefferson City, MO, this 21st day of March, 2015, urges the Missouri

Department of Conservation to continue current archery legal limits of two bucks per archery season.

The issue of allowing crossbows during all of archery season was discussed at length however no resolutions either for or against the MDC's proposal were passed from committee.

I also learned that almost all of the legislative bills that targeted the MDC concerning everything from repealing the Conservation sales tax to requiring the MDC to reimburse automobile owners \$500 for damages from deer collisions are dead. However there is still one threat; **SJR 1 (Munzlinger)** - Modifies the membership composition and terms of service of the commissioners on the Conservation Commission.

This bill proposes to change the makeup of the Conservation Commission from 4 members that are responsible for conservation issues all across the state to appointing one member from each of the 8 MDC state districts. This would lead to each member fighting for what's best in their district causing politics to become the determining factor in decisions instead of sound conservation practices.

You can stay informed about this and other conservation issues by going to the new CFM Legislative Action Alert Center at <http://confedmo.org/lac/>.

Next month we will talk about the MDC biologist's reports that were presented in the Deer, Wild Turkey, & Elk committee meeting.

## Large and Small Game Committee

**Grand Slam Award- Winner –Jim Brinkmann killed 4 deer & 4 turkey during the 2014 fall season.**

**Big Fish Kill- Winner – No entries received**

**Longest Gar Kill - Winner –No entries received**

I did a little digging into the MBH deer kill records over the last 30 years and found some interesting facts about the following categories;

| Reporting MBH Bowhunters | Deer Killed | Bucks/Does | AM/PM Kills | Average Shot | Average Years' Experience |
|--------------------------|-------------|------------|-------------|--------------|---------------------------|
| 1986 - 111               | 122         | 84/38      | 51/71       | 20.49 yards  | 11.45                     |
| 1996 – 47                | 68          | 37/31      | 25/41       | 18.1 yards   | 16.8                      |
| 2006 – 40                | 86          | 44/33      | 35/51       | 17.21 yards  | 22                        |
| 2013 – 16                | 45          | 14/31      | 16/29       | 18.9 yards   | 29                        |
| 2014 – 12                | 29          | 18/11      | 13/16       | 18.03 yards  | 30.42                     |

I know there are a lot more MBH members out there hunting and killing deer but I guess it's no longer very important to record the harvests. So my questions to the MBH membership are;

1. Do we want to continue with the Game Reports and Awards or should we quit keeping these records?
2. If the program continues how can I encourage more participation?

I would like to hear from MBH members so email me or give me a call. My contact info is below.
