Report on the NFAA Annual Meeting ***April, 25, 2015***

The meeting was called to order by NFAA President Bruce Cull followed by his annual report. It was an excellent presentation, and was very well received by the Director. The presentation left me very proud to be associated with the NFAA. One of the most striking things discussed during that portion of the meeting was the fact that the NFAA made \$111,000 on the National Indoor Tournament in 2015. The remainder of the morning was utilized working through the numerous agenda items (proposed rule changes,) that were scheduled in advance. There were some lengthy discussions about a few of the items with only a few changes being made.

One item that had received a great deal of attention in both Missouri and on a national level was the proposal to make it mandatory to use a multi-pin sight in Bowhunter Freestyle during the indoor season. I was very surprised when that agenda item was presented during the meeting it received no support and was labeled as "no action." Very much related to that was the proposed mandatory use of screw in points/tips for all Bowhunter Freestyle Competitions. That agenda item was presented for discussion, after a lengthy discussion a vote was taken and the proposed change soundly failed. I had received a great deal of feedback from MBH members on these two proposals, I was equipped to work toward the defeat of the sight proposal if it had came up. I voted "No" on the proposed change with regard to screw in points.

During the meeting we were provided lunch in the Snack Bar area of the indoor range. This gave all the directors an opportunity to discuss matters that had came up in the morning session as well as some that had been tabled.

When the meeting reconvened in the afternoon we were given a presentation by Jeannie Richardson of Schoolastic 3D Archery, an organization intending to bridge the gap between the NASP program and other forms of competitive archery. We also heard from Dale Morrell of Morrell targets regarding his Youth Outdoor Education (YOE) program.

The afternoon session of the meeting was dominated by the numerous agenda items submitted by the NFAA Professional Division. Many of these items were in some way related to the agenda item Pro-11 which dealt with a new potential layer of bureaucracy within the organization. The new layer was to be called a "Board of Commissioners" within the NFAA Professional division. This agenda item did not receive support from the Professional Division members from Missouri due to the possibility that it could shift a balance of power unfairly to areas of the country that had the highest number of Pro members. This would not have been advantageous to the Pro's from Missouri since Missouri's Pro numbers are relatively low.

After a great deal of discussion and confusion regarding Pro agenda items prior to the Pro-11 item it was determined that the council needed to skip forward to Pro-11, vote on

A Note from the President

The month of May has come and gone. It has been a wet and stormy month. The next few months will be busy for Missouri Bow Hunters starting with the 600 round being hosted by Summit Archery in St. Louis on June 7. Our NFAA sanctioned Outdoor Field Championship will be held at Eastfork Archery on July 11 and 12. The Youth Bow Fishing tournament is Saturday July 11 at Bledsoe Ferry boat ramp below Truman Dam. You can contact Kent Hayes at 816-863-8723 for tournament registration. We will have the rules for this tournament posted on the web site and in the Release. The following Saturday July 18th the Youth Tournament will be held at Indian Trails Archery. We will have the kids shooting a 600 round. MBH will finish the tournament season at NOMO Bow Hunters with the 3D Jamboree on August 9.

We hope more than one of these tournaments will be something you will attend.

Steve Bridger
MBH President

News from Nodaho Bowhunters

Nodaho Bow Hunters held their 1st 3-D shoot of the season on April 12 with a great crowd of 131 archers who braved the cool/damp day to shoot archery with us. As usual at our first shoot, range finders could be used to help with early season yardage guesses. Range finders were allowed only for the April shoot! This year we will also allow them at the September shoot since it is right before hunting season. There were two archers who broke the 400 mark. Conner Young was 1st in the Cubs competitive class (age 13 & under) with an impressive score of 416. Stan Harmon, Jr. bested his competition with a 401 in the Male Open class. Congratulations to you both!

Our annual Mother's Day shoot was held May 10. Despite the cold rainy weather, the fact that it was Mother's Day and that many of the surrounding schools held graduation ceremonies that day, we were very pleased that 95 archers joined us! Nobody topped the 400 mark this time probably due to the weather conditions – those that didn't get done early got a soaking, but thankfully the heavy rain held off until later that afternoon.

Many thanks to all who have been attending and to Steve Bridger who took time out of his busy weekend to approve the changes we are making to our "A" range for the NFAA in the absence of Kathy Potter. Our heartfelt sympathies to Richard and Kathy Potter on the passing of Richard's mother.

Results of the April and May shoots are posted on our web site www.nodahobowhunters.com and also on our Facebook page. Our next shoot will be June 14, come on out and let us know how you like the changes - we now have enough available shots to switch it up from month to month instead of the "same old thing". We are wishing for a beautiful day and hope you can join us!

Hope to see you soon!

Jeanette Brookshier

that agenda item, then clear up the confusion. The vote was taken on Pro-11 and was soundly defeated. Therefore all agenda items regarding the new “Board of Commissioners” that were presented prior to this vote were rendered irrelevant, as were several items that were on the agenda following the vote on Pro-11.

Finally, just before the end of the meeting a lengthy discussion was held regarding the location and timing of the next Directors meeting. There was little agreement on timing or the possible location of the next meeting. As the discussion was winding down with no decisions being made a motion was made and seconded that proposed the Directors meeting be held only in odd calendar years. A vote was taken and it was approved. I voted against, due to the fact that things are running really well with the NFAA. The organization is profitable and experiencing steady growth. In my view a growth period is not the time to scale back on these types of meetings since we have no way of knowing the challenges (good or bad) that this years growth might bring.

Having said all that, attending the meeting was the second weekend in a row that I was at the Headquarters. I attended the First Dakota Classic the weekend prior. During the two weekends I was able to see most all of the facility inside and out. Although I have not been to every

archery facility in the world, I believe I can safely say that the new Headquarters is an archery facility like no other in the world. If it involves Field, Indoor, or Target archery, you can do it at the Headquarters building. And so as not to leave any discipline out, I did stumble onto a large quarry type area on the outdoor range that contained probably 75 3D animals. There are literally no words that I can use to express the feeling that a Field Archery addict like myself experiences while on the grounds. You can literally shoot 28 field targets, walk forty yards and be on one of the largest target fields in the world, then walk a couple hundred yards and be in the indoor range. The facilities are state of the art, the NFAA staff is first class, and they are growing and adding new programs every day. There is a level of excitement that exists there that is sure to help grow Field Archery in the future.

Last, I’m sure meeting minutes will be coming out sometime soon which will explain in greater detail some of the changes made at the directors meeting. It was my extreme pleasure to be able to serve the MBH in this way in Kathy’s absence. If any of you have any questions please feel free to contact me at; kwsurber@yahoo.com or 417-955-0233.

Respectfully,
Kurt Surber

Youth Bowfishing Tournament Rules

1. Registration begins at 7 a.m., rules will be read at 7:45 a.m.
2. Tournament begins at 8 a.m. and ends at 2 p.m. Weigh-in will be at 3 p.m.
3. This is a 5-fish tournament. A total of 5 fish can be checked in for “heavy stringer.”
4. All tournament fish will be disposed of for you.
5. Official boundaries are Truman Lake and the Lake of the Ozarks.
6. There will be 3 age divisions:
 - a. 10 years and under
 - b. 11 to 13 years of age
 - c. 14 to 16 years of age
7. 1st, 2nd and 3rd place will be awarded for each age division.
8. Guides are allowed to help land fish. Adults are not allowed to use bows during this tournament. Aid in landing a fish must come from another youth backing up the shot or by use of a dip net or gaff hook.
9. Life jackets must be worn at all times while the big motor is running.
10. Each youth will need to provide his or her own shooting equipment. If a boat is needed, we need to know 2 weeks in advance.
11. There will be numerous door prizes for all the kids.

Anyone who wishes to be a sponsor, please contact Kent Hayes at 816-863-8723.

Anyone wishing to sign up to shoot or to guide, please contact Kent Hayes at 816-863-8723.

Conservation Committee

Hope you all had successful Turkey season in 2015. As I write this on May 5th there is still one weekend left to hunt and I hope to get back at it for those last two mornings. So far my season has been a bust. I just cannot get the birds to fully commit to my decoy set ups to allow a good bow shot. I've come close but so far no arrows have been released, maybe this weekend it will be different. I must say Turkeys are extremely frustrating for me anyway. I love to hunt them & hear them but the Turkeys so far are winning by a landslide.

Since its Turkey season I thought this month I would tell you about MDC biologist Jason Isabell's current Turkey research study. The MDC is in the 3rd year of a 5 year study in the NW Missouri counties of Putnam, Schuyler, Monroe, and Marion. The ultimate goal of this research project is to develop new population models, which will provide annual estimates of wild turkey population size, survival, harvest rates, recruitment, and population growth rate. Turkeys are captured during the winter months using cannon nets, then banded and fitted with radio transmitters. They have been trapping 200-250 birds each

winter since 2013. So far results have shown that 30% of the adult male turkey's in these counties die each year. 50% of those deaths are by predators, coyotes, bobcats, owls, & domestic dogs, 35% of the deaths are from hunting harvests, the last 15% are classified as miscellaneous like hit by car, injury, or disease.

The median date that hen turkeys start sitting on nests to incubate their eggs is May 16th. Success rate for this initial nesting has been 24%. That means 76% of those nesting attempts fail from predators and weather conditions. Poult survival rate of the nests that successfully hatch is at about 1.2 to 1.7 poults per hen. So to summarize out of every 100 nests only 24 will hatch and only about 36 poults will survive until the next spring. Seems like pretty low odds but MDC so far thinks that the turkey population is holding its own with the current hunting rules in place. They are placing more consideration on allowing all day spring turkey hunting in the future.

Next month we'll update the Elk herd's status in Missouri.

Happy Bow Hunting,
