## Archery is **HOT!**

It's that time of year MBH members ! We always know it's outdoor championship time when the thermometer starts reaching 3 digits ! Archery is HOT ! But we all know it's hot in many more ways than the temperature. It's FUN! It's a source of relaxation, a source of family togetherness, a discipline that mimics life in so many ways.

Our MBH State 3D is right around the corner and then guess what? It's Archery deer season!

Best of luck to you all in your upcoming events !

Jim Forbes  
MBH President

1954 Hugh Collins*	1993 Mille Foster*
1954 Pauline A. Reeg*	1993 Earl Foster*
1967 Jim Schulz*	1994 Jerry Reynolds
1980 Earl Hoyt, Jr.*	2000 Gene Towne*
1981 Dick Wood	2006 Jack Davis
1984 Paul Poteet	2006 Dave Williams
1985 Jim Lewis*	
2005 Dr. Charles (Bert) Grayson (Honorary Life Member)*	

\*Deceased

June was a big month for NFAA Events! The final leg of the 3 Star Tour was held June 11-12<sup>th</sup>. The Head-to-Head Matches were nail biters, but Missouri Shooters took home some MAJOR wins! Jackie White took home the win in Senior Pro Freestyle, Paul Penrod won the Compound Flights Division and Janis Grellner won the Female Recurve Division! In the Youth category, Hunter Boots won the Cub Compound Division and Ethan Gutz won the Youth Compound Division. Congratulations to ALL that competed!

The 4<sup>th</sup> annual Youth High Performance Compound Academy was held at Yankton, SD NFAA Headquarters June 13<sup>th</sup>-16<sup>th</sup>. Three Members of the Missouri Rock'n Shots Competition Team participated in the event: Ethan Gutz (Salisbury), Gavin Ballance (Macon) and Hunter Boots (Moberly). The boys trained with some of the top youth archers (ages 12-18) and coaches from around the country. Featured Professional Archers were: George Ryals IV and Paige Gore, NFAA Pro Female Shooter of the Year 2015. The Coaching staff included: Josahan Jaime-Santa Cruz, Bob Romero, Bill Hewes, Mike Price, Jordan Lenards and Mark Eggers.

The 4-day academy covered all facets of archery competition; including tournament prep, training & conditioning, shot cycle, and equipment set up. Participants received 1-on-1 training with top professional archers and the nation's top Level 3-5 coaches. This year's academy took a closer look at the NFAA Field format and how to effectively prepare for a field tournament. The days were long... starting at 8am and finishing at 8pm and the intensity of the program was impressive.

September 23<sup>rd</sup>-25<sup>th</sup>, NFAA HQ will host the Adult Compound Academy. Watch the NFAA website for more information to be published soon. This is a 'DO NOT MISS' opportunity for Competitive Shooters that want to improve their game!

Finally, congratulations to all the Shooters that participated in the Midwest Sectional Field Championships! Tobi and the Independence Bow Hunters Club did another outstanding job hosting the shoot for our location. The course was amazing and Tobi kept things running very smoothly.

If you have questions regarding the NFAA, please don't hesitate to contact me! You can email me at [efa@cvalley.net](mailto:efa@cvalley.net) or call me at (660) 651-3175. Hope everybody has a great summer and I'll look forward to meeting you on the course!

Thanks and God Bless!

Kathy McLean

## New Registration Policy

By MBH/IBH Secretary

Hello members. As most of you know I am the secretary/treasurer for Missouri Bowhunters plus a local club Independence Bowhunters. I would like to take the time to discuss with you, the shooters, how important it is to pre-register for tournaments, learn where to pay your membership dues, and explain the new registration policy. If everyone helps in doing their part tournament registration would run smoother.

Pre-registration for shooting events is beneficial for the tournament coordinator so they can be prepared to bring enough scorecards, awards, targets, volunteers, and miscellaneous office staff, etc. Pre-registration also gives the tournament coordinator a chance to collect shooter information such as name, address, division/style and use it to update membership records. This information is used from one event to another. At all state level shoots, memberships have to be verified before the shooter is allowed to participate.

Always remember if you belong to the national organization, NFAA (National Field Archery Association) then your MBH state dues are part of the renewal process. For example: when NFAA sends you a renewal notice it will show a single adult member owing \$60 (family memberships vary in price due to how many members). This \$60 is for \$35 NFAA dues and \$25 MBH dues. Now your responsibility is to pay them either online thru their website or send your payment by mail to NFAA headquarters. NFAA's responsibility is to send your state money, they collected, to the MBH secretary whom they do once a month with a report of who paid their dues and for how much. It is then, the secretary's responsibility to update the MBH records and send each member a new membership card. The ONLY time a shooter would pay their MBH dues directly to the state secretary is when they ONLY belong to MBH; they are a USA member instead of NFAA; or they are becoming a new MBH member with no NFAA membership.

A new registration policy for MBH and IBH is taking effect. All shooters will have to register online and payment will be necessary. If online is not an option then print the form and mail it with your payment. This will help standardize registration and make it easier for the tournament coordinator to keep accurate records of who is registering for each event. Registrations will not be accepted by calling, texting, emailing, and/or facebooking. There are just too many shooters and social media's to keep track. Both organizations are moving in the same direction as all other major organizations such as NFAA, ASA, ISAA, etc. with paying and registering online or thru the mail. There will be late fees assessed after the cutoff date for those who register after the pre-registration deadline so make sure you register early.

MBH and IBH appreciate help from all shooters in following the new policy. This policy will help streamline the registration process for tournament coordinators, participants, and help maintain better administration records. It's time for these 2 organizations to retire the "Millie Foster" way of registering and be like other top organizations in moving into the new generation of online registration.

Thanks for your support.

Tobi Rogers

# MBH 18<sup>th</sup> Annual Youth Bowfishing Tournament

July 16, 2016- Bledsoe's Ferry, Warsaw MO

These Kids "Got Some Skills!"

Storms on Friday night might have made the fish disappear but didn't keep the shooters away on Saturday morning. As the morning sun arose, the MBH Youth Bow fishing Shooters began arriving and registering for the 18<sup>th</sup> Annual Bow Fishing Tournament at Bledsoe's Ferry.

Thirty Five kids up to age 16 came to shoot. There were eight, 10 and under shooters, thirteen, 11-13 year olds and fourteen, 14-16 year olds.

Early afternoon, as the shooters began to trickle back in with their catch, they were greeted with grilled hot dogs, snacks and drinks.

Prizes were given to the top three heavy stringers in each age group. Each shooter received a door prize that included 2 new bow fishing arrows and a multitude of items ranging from stickers, hats, DVDs to new bows. Bows were won by Shelby Byrne, Makiah Sharp, Hunter Paddock, and Ryan Wallace.

A huge thank you goes out to the sponsors of the tournament which include **BOWFISHING EXTREME, CAJUN BOWFISHING, AMS BOWFISHING AND PSE BOWS**. There also a number of private donations that are made that contribute to making this a huge success.

**An even larger thank you goes out to the Hayes Family and friends for always putting together a great shoot.**

10U	First Place	Samantha Saylor	6 lbs
	Second Place	Kinleigh Tate	--
	Third Place	London Dennis	--
11-13	First Place	Megan Henslee	40.6 lbs
	Second Place	Easton Byrne	34.8 lbs
	Third Place	Justin Orr	8 lbs
14-16	First Place	Ethan Hayes	74.3 lbs
	Second Place	Isaiah Cron	43.2 lbs
	Third Place	Nate Lee	29.2 lbs

## ***CONSERVATION COMMITTEE REPORT***

The 2016 Archery Season opens September 15<sup>th</sup> and there are some changes this year that you need to be aware of.

#1 – Crossbows will be a legal method during all of archery season this year. The Missouri Bow Hunters Association has lobbied hard against this change for the last several years but in the end we lost out to what the Missouri Department of Conservation says will provide more opportunity while no harming the resource. I guess time will tell how the Missouri archery season will be impacted.

#2 – Hunters may take only 2 antlered deer during the archery and firearms deer seasons combined. Only one antlered deer may be taken during firearms season and only one antlered deer may be taken prior to the November portion of the firearms season. MBH also lobbied against this change. Past harvest statics have shown that less than 1% of the Buck harvest was from the second archery buck tag. However lots of bowhunters continue to hunt into December and January hoping to get a chance at that second buck. It seems to me the MDC contradicts' themselves by allowing increased opportunity with crossbows but then reduces opportunity from archery hunters by taking away your second buck tag.

#3 – New counties have been added to the CWD Management Zone. The CWD Management Zone includes counties within 25 miles of CWD detections. There are 29 counties with special regulations and CWD sampling stations to submit a sample after your harvest. CWD continues to affect more and more of the Missouri deer herd. I believe this will continue to get worse and expand all across our state. Recent CWD positive tests have been discovered in Arkansas just across our southern border. It's only a matter of when not if Missouri's southern counties will be affected.

#4 – Hunters will be asked several new questions when Telechecking deer.

If you're checking a doe: Is the length from the inner corner of the eyeball to the upper edge of the nostril greater than 4.5 inches? If you're checking an antlered buck: Is the circumference of the antler 1 inch above the base more than 2.5 inches? Did you harvest your deer on public land? You will also be asked "type of archery method". This question should allow MDC to track the number of deer harvested by crossbows during the archery season. This question was not mentioned in the Deer Booklet. When I asked MDC why that question was not in the booklet they sent me this response; "Thank you for your question regarding the "What Type of Weapon Did You Use" for Telecheck. We have added a "type of archery method" question to our Telecheck for archery harvest. We did not mention this new question and others (e.g., public or private land) in the Deer Booklet for a couple reasons, but primarily because it only applies to a subset of hunters and we did not want hunters thinking they missed a question when it doesn't apply to them. In short, we have added a crossbow question to our Telecheck system". I can't really explain why the MDC thought that would be confusing but that's what they said. You can pick up the 2016 Fall Deer & Turkey Hunting Regulations at your local license dealer or see it on the web at <http://huntfish.mdc.mo.gov/sites/default/files/downloads/2016FDT.pdf>.

## **MBH ANNUAL LARGE GAME AWARDS PROGRAM**

Fall archery hunting season is here and it's time to remind you of the Annual Large Game Awards Program. Just fill out a Large Game Form and sent it to me via the MBH website. The report can be found and filled out on our web site at [www.mobowhunters.org](http://www.mobowhunters.org) under the Game Awards tab. All MBH members are eligible to earn the Missouri Bowhunters Large Game Award pin when they turn in their first ever Large Game Report. Deer, turkey, & predators qualify as large game in the program. Game killed with a crossbow is not eligible unless the MBH member has a handicap exemption. MBH annual awards for 2016 season will be;

**1st Fall Turkey-** Be sure to record the date & time of the kill.

**1st Deer-** Be sure to record the date & time of the kill, we usually get more than one opening day kill.

**Last Deer-** Be sure to record the date & time of the kill, we usually get several reports near the end of season.

**P&Y Typical Best Buck-** Must have a copy of the score sheet from a qualified P&Y, B&C, or MABB scorer. Green score is acceptable. If you need help finding a qualified scorer, give me a call & I might be able to help.

**P&Y Non-Typical Best Buck-** same as above

**Lucky Deer-** At the start of the season an average field dressed weight is chosen at random by me. The member that harvests a deer at that weight or closest to it wins the Lucky Deer Award.

**Grand Slam Award-** If any MBH member fills their Archery Permit (2 deer & 2 Turkey) they will receive this award and one lucky Grand Slammer will be drawn to receive a \$25 BPS gift card.

There will be two bowfishing awards given this year. Since these are not available to enter on the web site just send it to me by email or give me a call.

**Big Fish Kill-** biggest fish kill by weight (all legal species included).

**Longest Gar Kill-** measured in inches to the closest 1/4".

Winners will receive a certificate of achievement suitable for framing, a Bass Pro Shops \$25 gift card, and recognition in the MBH Release Newsletter. Deadline for all entries will be February 15, 2017.

Last year's winners were;

**1st Fall Turkey-** *Winner –Allen Boesch, Hen on 10/1/15 @ 5:10pm*

**1st Deer-** *Winner –Dan Jasa, Doe on 9/15/15 @5:45pm*

**Last Deer-** *Winner –Kathy Brinkmann, Doe on 1/15/16 @ 8:02am*

**Lucky Deer-** At the start of the season an average field dressed weight is chosen at random by me. The member that harvests a deer at that weight or closest to it wins the Lucky Deer Award. 2015 weight was 108 lb.

*Winner –Charles Cashett Jr. = 109*

**Grand Slam Award-** If any MBH member fills their Archery Permit (2 deer & 2 Turkey) they will receive this award. *Winners – Allen Boesch and Jim Brinkmann*

**P&Y Typical Best Buck-***Winner –No Entry*

**P&Y Non-Typical Best Buck-** *Winner –No Entry*

**Big Fish Kill-** biggest fish kill by weight (all legal species included). *Winner –No Entry*

**Longest Gar Kill-** measured in inches to the closest 1/4". *Winner –No Entry*

I hope this will encourage you to submit your game reports and pictures this year. We all love to see those pictures and I am sure you are proud of your accomplishment as you should be.

Happy Bow Hunt'in,  
Jeff Blystone

Missouri archers win big at NFAA

First Dakota Classic.

Showing the wonderful range of ages of the competitors from East Fork Archery.

Bow winners from our youth fishing tournament. Lucky girls!

## St. Louis area teen to represent USA at World Archery Field Shoot in Dublin.

On July 1-3<sup>rd</sup>, 16 year old Steven Collins, a junior at Oakville High School traveled to Yankton South Dakota for the USA Archery Field National Championship Tournament. By placing second, he secured a berth on the Junior team to represent the United States at the World Archery Field Championships in Dublin, Ireland. This September he will be shooting against the best Archers in the world under 18 years old on a sprawling field course where he will shoot 72 arrows a day. Targets are on varying terrain and distances, from 10 meters to 60 meters away.

Field Archery is considered one of the most difficult of all of the types of competitive archery, but Steven makes it look easy. This quiet spoken mannerly teen is a fierce competitor with his compound Mathews bow. Steven excels at indoor and 3D archery as well, holding several State Titles and records for his shooting ability. What makes him so good? Practice. While many of his friends are just hanging out, Steven is at the practice range 7 days a week, 3 hours a day. He started shooting a bow when he was 6 years old at his church in a Christian Bow Hunters program. At age 11, he started in the lesson program at Summit Archery in Gray Summit, MO, where he now works part time. Steven's willingness to listen to instruction and apply those skills is one of his greatest assets as a shooter, comments Jeff Friedman of Summit Archery.

To help Steven fund his trip to Ireland, Summit Archery Team Shooters are having a night of Mouse Races, August 27<sup>th</sup>, at Cedar Hill VFW. There will be lots of fun, food, a bow raffle, and a chance to help a deserving young man's dream come true. Doors open at 6:00 PM, tickets are \$10.00 and are available by calling Summit Archery at 636-742-2531. Or, you can make a donation through PayPal at [JF4657@gmail.com](mailto:JF4657@gmail.com).

# MBH State 3D Rules

Amended 7-10-2016

## Statement

This is the official rules for the Missouri Bow Hunters Association's State 3D tournament. These rules have been constructed by the MBH 3D Committee.

## Competition Committee

The Competition Committee will be composed of the MBH 3D Chair, MBH 3D Committee members, and the MBH Officers present at the event. The Competition Committee will review all grievances and protests, as well as interpret the rules. All protests filed that could affect the results of the competition must be resolved prior to the next round of competition, or prior to the announcement of final results. All shooters agree to be bound by the decisions of the Competition Committee as final. Also, a general inquiry for an interpretation of a rule may be submitted in writing to the Competition Committee. The Committee will review the submission at its earliest convenience, and a written response will be provided. No fee is required for this review.

## Format

The tournament may be formatted as a 1- day or 2-day event. Together, the MBH and the host club will come to an understanding as to which will work best in their particular situation. Stated below are the requirements of both formats:

### 1 day format:

1. Shooters will be "busted" by random drawing and grouped with competitors in the same class prior to the start of the tournament
2. The tournament will begin with a "shotgun start".
3. The double scoring card system will be used. All score cards are completed and turned in, and verified for accuracy.
4. All classes will shoot off. Any class with more than 20 competitors, the top 5 shooters will shoot in a 5 target shoot off. If the class has less than 20 competitors, the top 3 shooters will shoot in a 3 target shoot off.
5. The shoot off will be formatted as such-
  - A. Competitors will start with their score as it was at the end of the round.
  - B. The score they shoot in the shoot off will be added to their round. If there is ties at the end of the shoot off, there will be a 1 arrow shoot off in the fashion of "closest-to-the-12" style.

## 2 day format:

1. A shooter must shoot both days.
2. The double score card system will be used both days.
3. First day is a trickle start. Peer grouping according to score will be used on day 2.
4. Day 2 will be started by a shotgun start.
5. There will be no shoot off in the 2 day format, unless a tie in the top 3 must be broken.

Whenever possible, groups will be limited to no more than 5 shooters per group but no less than 3 shooters per group.

Any ties after shoot off will be broken by number of 12 rings. If a top 3 place tie cannot be broken by bonus rings, and if time and weather permit at that tournament, the "Closest-to-the-12" tie breaker procedure will be used. Each shooter will shoot one arrow and the arrow that is closest to the center of the 12 ring will win the shoot off.

**Known yardage/unknown yardage mixed range-:** Known yardage shooters are encouraged to bring rangefinders as there is no guarantee the club will make a range card depicting yardages. Also, since both known and unknown yardage competitors are shooting the same range and targets, it is preferred that known shooters shoot in groups with their peers, if possible.

The ASA payback scale will be used. This scale can be found at the end of this rule book. There will be no flighting.

## Scoring

Scoring: targets shall be scored 12, 10, 8, 5, 0. The center 12 ring shall be the only 12 ring in play.

1. All information on the scorecard must be accurate with all information completely and properly filled in. Information blocks that are incorrect or incomplete will result in a deduction of ten points from their score.
2. If the number of 12 Rings is left blank it will be scored as zero.
3. No changes may be made to the official score card after the scorekeeper and shooter have signed the scorecard. Any changes must be initialed by the scorer and the shooter. If a shooter changes his scorecard after it has been signed by the scorekeeper, the shooter will receive a score of zero for that tournament and will be brought before the Competition Committee for further action.
4. Each group will designate two members of their group as "Scorekeepers" who will record all scores for the group, but they may not maintain their own individual "official" colored scorecard.

5. Three individuals will be designated as "Scorers" but no one will be allowed to score their own arrow. In groups of four the third scorer will be alternated between the scorekeepers for the other scorekeeper's arrow. In groups of three the scoring will be done by all three but an individual may not score their own arrow, or record the official scorecard for their own arrow.
6. Scorers will agree on a score for each arrow and call out the results to be recorded on the respective shooter's scorecards by the Scorekeepers.
7. Scorekeepers will maintain the official colored scorecard for each shooter and be responsible for recording each arrow. A scorekeeper may not keep his or her own "official" card. Scorekeepers will record the total score and total number of 12 Rings at the end of the round.
8. The completed official colored scorecard must be reviewed and signed as correct by the Scorekeeper and the shooter, as well as initial the back of the card. Any shooter turning in an "official" card on which they are both the shooter and scorekeeper will receive a score of zero for that day.
9. The Scorekeepers for each shooting group will turn in the official scorecards for the group together except when a shooter is permitted to make-up targets due to an equipment failure or other approved leave. Shooters assume full responsibility for the accuracy of the information and scores on their cards. Any group that does not turn in their scorecards together before leaving the range will be subject to receiving a score of zero for that round.
10. All arrows must remain in the target until all arrows are scored.
11. The arrow shaft must be touching a portion of the next highest scoring line to be scored for the higher value.
12. All scoring shall be done with the naked eye without the aid of any special magnification with the exception of prescription glasses or contacts.
13. The status of any doubtful arrows must be determined before drawing any arrow from the target. The score is based on the status of the arrow while all other arrows remain in the target. Arrows may not be removed until a scoring judgment has been made and no changes may be made to the score after removal of any arrow.
14. Targets may not be moved or dislodged for scoring purposes.
15. If both Scorers are in agreement, the score will stand. Should the Scorers be unable to reach an agreement, the Scorekeepers (except on a call of their own arrow) will alternate the responsibility of making the final determination before any arrows are removed. Groups will be responsible for calling their own arrows. MBH Officials will not make arrow calls except when a group has only two shooters or during special competitions and shoot-offs.

**Shooter and scorers should not move, touch, push, or have any other contact with the arrows prior to scoring.**

Any arrow embedded (a "Robin Hood") in the nock of another arrow will be scored the same as the arrow it is embedded in.

Any arrow rebounded off another Arrow (a "Robin Hood" that strikes and damages another arrow and does not proceed toward the target, but bounces back) will be scored the same as the arrow it struck, provided the damaged arrow can be identified.

**Target "Pass Through" or "Rebound" without striking another arrow:**

(1) Arrows passing through the front of, but still in, the target will be pushed back and scored,

(2) If the group agrees that an arrow passed through the target's insert seam, the shooter will be given a score based on the point of pass through not to exceed eight (8) points.

(3) If the group agrees and confirms that the arrow actually passed through the target due to the high number of arrows that had been shot at the target, the range official is to be notified and the shooter will be allowed to take the score where the "pass-through" occurred as determined by the group up to a maximum score of 10 points or

(4) If the group agrees that the arrow "rebounded" out of the target without striking another arrow the shooter will be allowed to take the score where the rebound occurred up to a maximum of ten (10) points.

**Special Note: A score of 12 will not be permitted under sections 2, 3 or 4 of this rule.**

Glance-outs- if the arrow that was originally in the target can no longer be nocked and shot from a bow string, in its condition immediately following the shoot that damaged it, the arrow that glanced off it will be scored the same as the original arrow.

## Classes/Shooting Rules

**Open Classes:** May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes.

**Fixed Pin Classes: No pin limit Stabilizer Rule:**

- A. front stabilizer or a system including quick releases, enhancers and/or weights may be used, but may not exceed twelve inches (12") in total length from the tip of the

stabilizer (or system) to the point of attachment on the front of the riser provided by the manufacturer.

- B. A rear stabilizer or counter balance weight system may be used with a maximum of two extensions, but may not extend more than six inches (6") in length as measured from either:
- (1) the point of attachment on the rear of the riser provided by the manufacturer, or
  - (2) if there is no rear point of attachment the system may not extend more than six inches (6") beyond the back of the grip. There are no restrictions for the Unlimited Class.

MBH reserves the right to review any equipment / accessories and determine its suitability for competition. MBH retains the right to waive certain equipment restrictions or shooting rules under specific circumstances for physically challenged competitors. Screw in style points and glue in points are both acceptable. The following equipment / accessories are prohibited in all classes:

- (1) broadheads or any other point or tip not intended for target use;
- (2) retaining mechanisms which allow the bow to be mechanically held in the drawn position;
- (3) laser sights or devices;
- (4) devices or any outside agency (including stabilizer bar or prop stick) that allows the mass weight of the bow to be relieved from either arm while shooting.

A shooter must shoot an arrow of at least 5 grains per pound of bow weight. There is no speed limit on any class or division.

Maximum arrow diameter of .422 will be enforced.

**Shooter must either**

- 1) be touching the shooting stake with some part of their body or
- 2) straddle the shooting stake with one foot on both sides of the shooting stake and their body directly over the stake.

It is desirable to have no more than 5 shooters per group while on the range and must have at least 3 shooters per group while on the range.

**Shooting Divisions**

**Men's Pro (Pro Card from Archery Organization must be produced)**- May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shooting class or shooting style. Sight type and/or release type is the determining factor

for all non-Open classes. This class will shoot all unknown yardages. Max 50 yards. **(Amended 8-23-15)**

**Men's Open** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shooting class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all unknown yardages. Max 50 yards.

**Men's Fingers** - May use any compound or recurve bow, sight, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shooting class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all unknown yardages. Max 40 yards. **(Amended 7-10-2016)**

**Men's Known 50** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shooting class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all known yardages. Max 50 yards.

**Men's Hunter - No pin limit. Stabilizer Rule:** A front stabilizer or a system including quick releases, enhancers and/or weights may be used, but may not exceed twelve inches (12") in total length from the tip of the stabilizer (or system) to the point of attachment on the front of the riser provided by the manufacturer. A rear stabilizer or counter balance weight system may be used with a maximum of two extensions, but may not extend more than six inches (6") in length as measured from either: (1) the point of attachment on the rear of the riser provided by the manufacturer, or (2) if there is no rear point of attachment the system may not extend more than six inches (6") beyond the back of the grip. This class will shoot all unknown yardages. Max 40 yards.

**Men's Senior Open (50+, 60+ 70+)** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all unknown yardages. Max 50 yards. **(Amended 8-23-15)**

**Men's Senior Hunter (50+, 60+, 70+)**- No pin limit. Stabilizer Rule: A front stabilizer or a system including quick releases, enhancers and/or weights may be used, but may not exceed twelve inches (12") in total length from the tip of the stabilizer (or system) to the point of attachment on the front of the riser provided by the manufacturer. A rear stabilizer or counter balance weight system may be used with a maximum of two extensions, but may not extend more than six inches (6") in length as measured from either: (1) the point of attachment on the rear of the riser provided by the manufacturer, or (2) if there is no rear point of

attachment the system may not extend more than six inches (6") beyond the back of the grip. This class will shoot all unknown yardages. Max 40 yards. **(Amended 8-23-15)**

**Traditional** - Bow must be either recurve or longbow without wheels or cams. No release aid, no sights, a single stabilizer up to 12" in length measured from the point of attachment, no overdraws, no draw checks, must have one finger touching the arrow nock, and must use one consistent anchor point. No marks on the sight window, string, or bow to use as an aiming or judging reference. All arrows must be identical in size, weight and construction. This class will shoot all unknown yardages. Max 25 yards.

**Women's Pro (Pro Card from Archery Organization must be produced)** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all unknown yardages. Max 50 yards. **(Amended 8-23-15)**

**Women's Open** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all unknown yardages. Max 40 yards.

**Women's Fingers** - May use any compound or recurve bow, sight, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all unknown yardages. Max 40 yards. **(Amended 7-10-2016)**

**Women's Known 40** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factors for all non-Open classes. This class will shoot all known yardages. Max 40 yards.

**Women's Hunter - No pin limit. Stabilizer Rule:** A front stabilizer or a system including quick releases, enhancers and/or weights may be used, but may not exceed twelve inches (12") in total length from the tip of the stabilizer (or system) to the point of attachment on the front of the riser provided by the manufacturer. A rear stabilizer or counter balance weight system may be used with a maximum of two extensions, but may not extend more than six inches (6") in length as measured from either: (1) the point of attachment on the rear of the riser provided by the manufacturer, or (2) if there is no rear point of attachment the system may not extend more than six inches (6") beyond the back of the grip. This class will shoot all unknown yardages. Max 30 yards.

**Women's Senior Open (50+, 60+ 70+)** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factor for all non-Open classes. This class will shoot all unknown yardages. Max 40 yards. **(Amended 8-23-15)**

**Women's Senior Hunter (50+, 60+ 70+)** - No pin limit. Stabilizer Rule: A front stabilizer or a system including quick releases, enhancers and/or weights may be used, but may not exceed twelve inches (12") in total length from the tip of the stabilizer (or system) to the point of attachment on the front of the riser provided by the manufacturer. A rear stabilizer or counter balance weight system may be used with a maximum of two extensions, but may not extend more than six inches (6") in length as measured from either: (1) the point of attachment on the rear of the riser provided by the manufacturer, or (2) if there is no rear point of attachment the system may not extend more than six inches (6") beyond the back of the grip. This class will shoot all known yardages. Max 30 yards. **(Amended 8-23-15)**

**Young Adult Male/Female (15-18\*\* years old)**- May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factor for all non-Open classes. This class will shoot all unknown yardages. Max 40 yards.

**Youth Male/Female (12-14\*\* years old)** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factor for all non-Open classes. This class will shoot all unknown yardages. Max 30 yards. **(Amended 5-15-16)**

**Cub Male/Female (9-11\*\* years old)** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factor for all non-Open classes. This class will shoot all unknown yardages. Max 25 yards. **(Amended 5-15-16)**

**Pee Wee Male/Female (8\*\* and under)** - May use any compound or recurve bow, sight, release, stabilizer or equipment unless specifically prohibited in any other part of these rules, or by a ruling of the Competition Committee. Overdraws do not designate shoot class or shooting style. Sight type and/or release type is the determining factor for all non-Open classes. This class shoots all unknown yardages. Max 20 yards. **(Amended 5-15-16)**

**\*\*Age of competitor as of the first day of the tournament.**

NOTE: Due to differences in range finders, target distances set according to the club's range finder may vary slightly from competitors' range finder distances.
