## *President's Message*

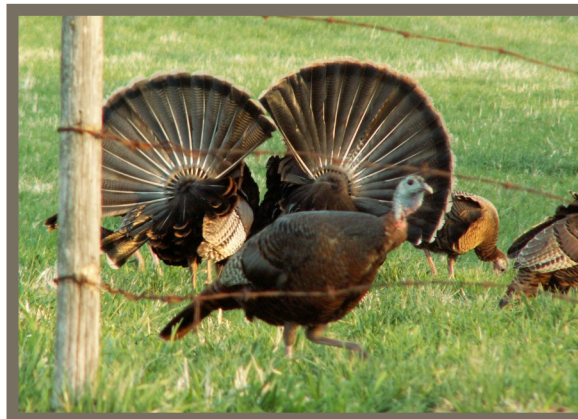

Hello MBH!

So far the calendar says spring is here but seems to still look a lot like winter! Hopefully you're getting along well with our schizophrenic Mother Nature!! ☺

Many of you are out in the turkey woods so make sure and get with Jeff Blystone with your successes. Also, if you have a good story, send it to Kathy Russell and we'll see about using it in an upcoming Release.

Outdoor archery is winding up and we hope you're supporting your local club. In the calendar you'll see the upcoming Hoyt Day and the State 600. Make sure and get with us if you are interested. We hope to see you soon!!

Jim Forbes  
MBH President

## ***CONSERVATION COMMITTEE REPORT***

The second weekend in March found me in Jefferson City attending the annual Conservation Federation of Missouri's convention. The weekends scheduled included conservation and scholarship awards Friday night; Saturday's events consisted of resource committee meetings, affiliate luncheon, resolution committee meeting, Conservation Leadership Committee youth meeting, evening dinner and live auction; Sunday included voting on final resolutions and the CFM board meeting.

The resource committee meetings on Saturday morning are really the meat and potatoes of the convention. I was the Chairman of the Archery & Shooting Sports Committee and MBH member Kurt Surber was the Co-Chairman. Together we conducted the meeting which was attended by 50+ people. Over the past six months our committee has been working with the Conservation Leadership Corps (CLC) which is made up of high school and college students who are concerned about conservation and are planning careers in conservation. We worked together on a resolution to support and urge the state legislature to pass House Bill 1873 which increases the fines for poaching turkey, deer, elk, bear, & paddlefish. The resolution was passed from the committee and passed by the general session of the Conservation Federation of Missouri on Sunday morning. The resolution will now be formally submitted to the Missouri State Legislature at this spring's session. Hopefully that will give the little extra push to get the bill passed and signed by the governor.

We then saw a presentation from Barbra Keller, MDC's Cervid Program Supervisor. I had asked Barbra to talk with us about the 2017 archery season results with an emphasis on crossbow results much like she did at last year's committee meeting.

Barbra did an excellent job giving us the facts they know so far. Highlights were; total deer harvest=51,991 up 9%, crossbows killed 19,719 deer which was 38% of the total kill. Total turkey harvest=2,434 up 6%, crossbows killed 1,120 turkeys which was 46% of the total kill. There was a 20% increase in total archery permits issued and the overall success rate for bow hunters jumped up to approx. 26% up significantly from last year's 19%. Crossbow hunters continue to increase their kill percentage number. This past season Xbow's killed 38% of the deer killed during archery season. Last year that number was 30%. MDC sent out 35,000 random surveys to archery season hunters after the 2016 season asking what kind of method was used and how many deer/turkey were harvested, wounded, and missed. They got almost 10,000 responses. From those surveys they determined that 69% used vertical bows and 31% used xbows. The survey has similar kill, wound, & miss rates for both types of archery equipment taking into account a 10% error factor. You can see the whole presentation at

I next attended the CFM Affiliate luncheon where 12 affiliate representative board members were elected. I am pleased to let you know that I am one of those twelve affiliate board members elected to serve on the CFM board for the next two years. The number of board member positions was reduced this year by more than 50%. That needed to be done so that we can make quorum at the board meeting and also will greatly help the meeting to be more efficiently run.

The CFM Annual Convention was a great success again this year. Attendance was up and we raised more money for Missouri Conservation efforts at the banquet Saturday night. The raffles, silent auction, and live action events are a lot of fun and some good stuff can be had for very a reasonable price. I always enjoy spending the weekend representing the Missouri Bow Hunters Association and hanging out with all of the great folks who think the Missouri Outdoors should be enjoyed, managed, preserved to benefit all Missourians.

Conservation Federation of Missouri has several events throughout the year to raise awareness and money for conservation efforts in our state. Here is a list of the upcoming CFM events.

***Pull for Conservation Sporting Clays Shoot; April 14<sup>th</sup> – Boot Hill Shooting Ground, Hamilton***  
***Explore the Outdoors Kansas City Dinner & Auction; May 31<sup>st</sup> – Boulevard Brewing Company***  
***Explore the Outdoors Springfield Dinner & Auction; June 21<sup>st</sup> – White River Conference Center***

You can check out all of the CFM events and register to attend them at [www.confedmo.org/](http://www.confedmo.org/) under the events tab.

Three members each killed a doe that weighed 90 lbs.

**Winner** –*Allen Boesch, Jim Brinkmann, and Jeff Reddy all killed does that weighed in at 90 lbs.*

**Grand Slam Award-** If any MBH member fills their Archery Permit (2 deer & 2 Turkey) they will receive this award. **Winner** – *Jim Brinkmann was the only member this year that filled all 4 tags and submitted the Large Game Reports to win. Jim killed turkeys on 9/15/17 and 1/11/18. Jim also took five deer this past season. 3 Does killed in October 2017 and 2 Bucks in November 2017.*

**P&Y Non-Typical Best Buck-** *Winner –No Entry*

Here is a summary of the large game reports turned in this year by MBH members.

### **DEER**

29 deer reports total, 16 does, 9 bucks, & 4 button bucks.

9 members submitted harvest reports. One member harvested 6 deer and two members harvested 5 deer.

Average shot distance was 18.4 yards; average distance to recovery was 75 yards.

25 deer were killed on private ground and 4 were taken on public ground.

19 deer were arrowed in the PM hours and only 10 in the AM hours.

26 were taken from treestands, 2 were from a blind, and 1 still hunting.

Compound bows killed 23 deer and handicap crossbow got 6. Average bow draw weight was 60 lbs. Carbon or Composite arrows were used in all of the kills. Mechanical Broadheads took 16 deer and fixed blade broadheads killed 13.

## **TURKEY**

4 turkey reports total, 2 spring reports and 2 fall reports from 1 member.

Average shot distance was 17.6 yards; average distance to recovery was 24 yards.

All 4 birds were taken on private ground in the morning hours from a blind.

Carbon arrows and mechanical broadheads were used in all kills.

I would like to give a little recognition to a few of the Missouri Bow Hunters Association members that turned in reports this past year. Jeff Reddy from St. Charles turned in 5 deer reports to make the most of the awards this year. Jeff earned awards for 1<sup>st</sup> deer killed, Last deer killed, and Lucky deer killed in 2017. To top that off he also won the Double Bull Blind drawing held at this year's State Indoor Tournament. The oldest member submitting reports this past season was Allen Boesch at 77 years young; he harvested 6 deer this past season. Allen has been hunting the last few years with his crossbow due to bad shoulders and arms but he is still in the field and being quite successful. Finally I would like to give hearty congratulations to Jim Brinkmann who was the only MBH member to earn the Grand Slam Award in 2017. Jim harvested 5 deer and 4 turkeys in Missouri during 2017. Kathy Brinkmann wasn't far behind with 3 deer and a great Bobcat kill to her credit in 2017. Time to say so long for now but remember spring turkey season is almost here so start practicing you're calling and shooting skills!

Happy Bow Hunting,

Jeff Blystone
