## *President's Message*

Hello MBH !

Where do I start.. I'm writing this just after this year's state indoor tournament. Congratulations to all the winners! Great job to all of you! A big "Thank You" to the MBH team for another seamless event. The time and effort you guys put in really shines at these events. Another thank you to all of you who helped out line judging, being guardian angels, setting up, tearing down and cleaning up. Your help is just awesome! Good luck to those of you headed to Cincinnati for nationals!

Now that indoor is over for this year we look forward to outdoor season. Spring Turkey is coming as well. Clubs are well on their way to getting ranges ready and their never ending work continues. Please get out and support your local clubs and shops and check your calendar for upcoming events.

Hope to see you again soon,

*Jim Forbes*  
MBH President

## ***CONSERVATION COMMITTEE REPORT***

There are 11 different pieces of legislation that are of concern to conservationists being considered in the Missouri legislative session this spring. Several of them have not gotten very far however 3 of these bills could come up for a vote. I've travelled to the State Capitol twice so far this spring to testify.

**Poaching Fines; HB 1873:** This bill will increase the fines for poaching of Wild Turkey, Paddlefish, Deer, Bear, & Elk in Missouri. This bill has already passed the House and is now in the Senate. Fines collected would still go to the school district where the offence occurred. Poaching fines for each animal would increase up to; **Wild Turkey=\$750, Paddlefish=\$1,000, Deer=\$2,000, Bear=\$5,000, and Elk=\$5,000.**

I testified for this bill. Fines in Missouri are currently so low that it would actually cost you more to buy a non-resident hunting license than it would to get caught poaching deer or turkey. I support this bill.

**Permit Sales; HB 1657:** This bill aims to give non-resident landowners free hunting, fishing, and trapping licenses. The fiscal impact of this bill would likely be over 500,000 dollars lost to the Missouri Department of Conservation. That's 5 million dollars over the next ten years. So the MDC would have to cut back on something to make that up like maybe fewer fish stocked or fewer dove fields planted or less research or maybe even job cuts just so people who don't even live here can hunt and fish for Missouri critters. That's not fair to resident Missourians choose who live and work in Missouri. The legislator that is behind this bill actually has a brother that lives in California who owns land in Missouri. I don't know about you but I elect my State Legislators to represent me not out of state relatives. I do not support this bill!

**Conservation Commission; SJR 19** - Currently, the Conservation Commission is comprised of four members. Upon voter approval, this proposed constitutional amendment increases the membership of the Commission to eight and requires that each of the members be appointed from each of the eight conservation regions as such regions have been designated as of December 1, 2011. Additionally, no more than four members may belong to the same political party, and no member may serve on the Commission for more than one six-year term over a period of twelve years.

This bill has been brought up every year since 2012 by the same senator in Northeast Missouri. The Conservation Commission has had four members since its inception back in 1937 and they have authority over the Conservation Department. These four members are appointed to 6 year terms by the Governor not more than two of whom can be of the same political party. This is a volunteer position; they receive no salary or compensation other than travel expenses. These 4 folks are looking out for the whole state not a single district or region. By expanding the commission to regional representatives it would only cause arguments or deals to be made benefiting that region and not the entire state. I do not support this bill.

There is a great tool available for free to anyone that is interested in keeping up with and evolving your opinion on Conservation items that are being proposed in the Missouri State Legislature. The Conservation Federation of Missouri

has implemented the **Legislative Action Center** which is a Web based approach for citizens to voice opinions on pending state legislation impacting conservation, natural resources and outdoor recreation. You don't need to be a CFM member to sign up and use the tool. Simply visit the CFM website at

<http://confedmo.org/> and click on <http://www.confedmo.org/lac/> to sign up. Once you're signed up you will receive alerts informing you of legislation actions concerning conservation. The tool also lets you know who your state representative and senator are and how to contact them via phone or email. The site also will provide you with scientific data and facts, so you may participate as an informed citizen about how to best manage the natural resources of our state. You can vote for or against the pending legislation to let your representative know your position. Make sure to let your state legislators know how you feel about each one of these bills.
