## President's Message

### *Happy New Year MBH!*

I hope everyone has had a wonderful Christmas season and was good for New Years Eve.

A new year is upon us once again, with all that brings resolutions and indoor season. I know a few of the hardcore are still stalking the woods and we wish all of you good luck!

Check your calendars for upcoming tournament schedules and indoor league with your local club. Folks, I hope you're supporting your local clubs. Many are struggling and would really like to see you. Check them out and go have some fun!

I hope you all have a great year with much success. This is my last "letter from the president" so I've been trying to think of something meaningful to say, so I will say this: "Remember, archery is FUN, Now go out and have some!"

Jim Forbes  
MBH President

#### Note from the Editor

Many of you attend the tournaments that are put on by MBH. There is an incredible amount of work involved in running them. I would like to thank Tobi and Jim Forbes for their service running the MBH tournaments throughout the year. We would not be able to enjoy these events without their work along with the other volunteers who willingly give their time and energy. The next time you stop to pick up your scorecard at the registration desk, or need that line judge to check an arrow, or watch your child be assisted by a guardian angel on the kids targets; let them know you appreciate their time and effort. A little kindness goes a long way.

## ***CONSERVATION COMMITTEE REPORT***

**Below is an article from the Springfield News Leader, written by Wes Johnson.**

### **If Missouri's elk herd continues to grow, limited hunt might happen in 2020**

If Missouri's elk herd continues to grow the way it has, a very limited hunt might be possible by 2020. That's the message the Missouri Conservation Commission heard from MDC wildlife biologist Aaron Hildreth. Elk were reintroduced to southeast Missouri in 2011, and there are about 170 adult elk living in the Peck Ranch Conservation Area now, according to Hildreth. That doesn't include calves born this spring. He said the elk herd needs to meet three criteria before MDC will move ahead with a limited elk season. There needs to be a minimum population of 200 elk. The elk herd needs to show a growth rate of at least 10 percent for three consecutive years. There needs to be a ratio of 25 bull elk for every 100 females to ensure herd growth. "Right now we have two of the three," Hildreth said. "We're seeing herd growth of 12 to 16 percent, and our bull to cow ratio is well above 25 percent. We hope to hit that 200 elk herd number in 2019 or 2020." Hunting will be used as the management tool to keep the herd from getting too large. Hildreth said MDC plans to take public comments on how people want MDC to approach the first official elk hunt in Missouri since the animals were removed from the landscape at the turn of the century. MDC hopes to grow the herd to a target population of 400 to 500 elk and keep it there. Hildreth said the first hunt likely will be limited to only five or 10 permits — bull elk only. MDC initially brought in 108 elk from Kentucky in 2011, but the herd dropped to 81 animals a year later, in part because of the stress of relocation and a sustained drought in 2012, Hildreth said. Since then, however, the elk have flourished in the rolling hill habitat they once roamed. Hildreth said mountain lions — an elk's natural predator — are suspected of killing five elk so far. Most of the elk have remained on the Peck Ranch property, though some have ventured beyond the conservation and wildlife refuge area.

Other news from the Missouri Department of Conservation;

**JEFFERSON CITY, Mo.** – The Missouri Conservation Commission approved recommendations by the Missouri Department of Conservation (MDC) at the Commission's Dec. 14 meeting for 2019-2020 turkey-hunting and deer-hunting season dates.

MBH Member game reports;

- 8. Danny Younger**, Kansas City, 11 pt. Buck, killed on 11/21/18 at 5 pm, 25 yard shot in Jackson County.

- 9. Tim Donnelly**, Springfield, Doe killed on 11/28/18 at 5 pm in St. Clair County, Tim made the 8 yard shot with his 52 lb. Stalker Recurve. Tim has taken 80 plus deer in Missouri with archery gear.

Only a couple of weeks left to get it done this year. January late season bowhunts can be great. Just set up in the late afternoon over a food source like beans, corn or brassicas. I've had great encounters using a pop up blind that has been brushed in to camouflage the outline if the blind. Typically I only hunt evenings. There is often great corn or bean fields on public conservation areas or CORP lands that have the edges unpicked. Also hunting pressure is almost nonexistent on some of these lands at this time of year. Go when the weather is at its coldest and stay until it's too dark to shoot, you will see deer and maybe get a chance at a great buck. Keep hunting till the season is over because it's a long time until next September. Be sure to enter your kill at the [mobowhunters.org](http://mobowhunters.org) website under the Game Awards tab to earn a chance to win the 45 quart YETI cooler to be drawn from all of the large game entries submitted this season. Drawing will be held at the MBH State Indoor Tournament at Linn, Mo on March 3<sup>rd</sup>. If you're not there and your name is drawn I will send the cooler to you.
