From the President

Once again, I hope this letter finds everyone in good health and spirits. I know it is hard with all the media frenzy about the virus and riots; but we will get through it. It helps that we can focus on archery.

Bow season is just about six weeks away. Hopefully, you have dusted off the hunting bow, checked your sights and made sure those broadheads are still flying true. I have been able to make one 3D shoot this year and plan on attending more. There are several MBH clubs offering 3D shoots, and its a fun way to get ready for bow season.

There will be a Board of Directors meeting on Aug. 23rd in Columbia. (Columbia Optimist Club, 1201 Grand Ave, Columbia, Mo 10AM). The Board will decide on when the next MBH tournaments will be held, including venues for (the State Youth and State 450 tournaments). Also, this is an election year. If you know of someone you would like to nominate or someone who would like to run for President and Vice-President let the secretary know. MBH members are encouraged to attend. This gives you an opportunity to express your ideas, or thoughts on MBH.

CONSERVATION COMMITTEE REPORT

The Conservation Federation of Missouri's (CFM) Share the Harvest program will expand to include shelf-stable venison in the years to come as Governor Mike Parson signed HB 1711 on Tuesday, July 14th. The bill will allow shelf-stable venison to be utilized in more ways across the state to feed hungry Missourians.

The previous statute stated that the deer meat must be frozen *and* packaged. This bill allows it to be frozen *or* packaged in a shelf-stable manner such as snack sticks. As the statute states, only deer meat will be allowed to be donated to the highly successful Share the Harvest program administered by CFM.

We are excited to see the program expand to include shelf-stable venison to help feed people across Missouri. Being able to include protein-rich meat to the backpacks of school children in need is just another way Missouri hunters can support their neighbors," says Scott Baker, Feeding Missouri's Executive Director.

The Conservation Federation of Missouri, which celebrates its 85th anniversary this year, was founded by a citizen-led effort to keep politics out of conservation and preserve our state's rich outdoor heritage. This effort that started in 1935, has pushed Missouri to be the top state in the nation for conservation. CFM, the voice for Missouri outdoors, is the watchdog over politicians and state agencies to ensure the conservation of our wildlife and natural resources, and will continue to do just that with programs like Share the Harvest.
